Dear Hershey Company,

On behalf of Lawnton Elementary School, I would like to express our sincere gratitude for your generous support in bringing Stephen Kozan's *Student Author Movement 501c3 nonprofit* to our school as part of his assembly.

The program had an incredibly positive impact on our school community. Our students were genuinely excited and inspired by the opportunity to explore their creativity as authors and illustrators. The energy in the room was electric as students learned how their ideas could become stories—and how those stories could become books. The chance for one of our students to be selected as a published author is truly extraordinary and has sparked newfound enthusiasm for writing in our fourth-grade students.

Your support through this grant has made a powerful difference, forging a meaningful connection between aspiring young writers and a real-world publishing experience. Assemblies like this show students that their voices matter and that their dreams are possible.

Thank you again for your investment in our students' futures and for helping to cultivate a love of literacy at Lawnton Elementary.

Sincerely,

A handwritten signature in black ink that reads "Dr. MBangert". The signature is written in a cursive, flowing style.

Dr. Michelle Bangert  
Principal  
Lawnton Elementary School
